1. How many operating computers do you have in your classroom?

Desktops - 8

Laptops - 4

2. How many of these computers use Windows Vista or 7?

Number of computers - 12

3. How are these computers attached to the network?

Number attached with ethernet - 8

Number attached wirelessly - 4

4. How many tablets are assigned to your room?

Number of tablets - 2

5. What are your immediate technology needs in the classroom? (i.e., number of computers that need to be repaired, how many need to connect to the internet, mice, keyboards, etc.)

3-4 laptops that need work. Many of the computers are relatively slow which leads to student frustration.

6. What recommendations do you have for future technology in your classroom and in the school?

I would like to have access to better presentation tools. For example, my class would benefit from linking our interactive white board up to a wireless pad.

7. In addition to future technology recommendations and immediate technology needs, is there anything that would make the technology in your classroom more useful? (i.e., Upgrade operating system, additional software, more efficient procedures) Please be specific.

It would be great if they were all uniformly equipped with software such as Office
